COMMUNITY SURVEY

WHAT DO YOU THINK?

THIS SURVEY SHOULD ONLY TAKE 30 MINUTES TO COMPLETE

As a part of the community of Brize Norton you have a unique opportunity to shape the future of your village, regarding housing, road and transport, recreation and sport, green spaces, the community and employment land. Please complete this simple survey and help shape the way our community develops in years to come. Let us know what you think...

Your answers will help in the development of the Brize Norton Neighbourhood Plan (BNNP). This plan, once adopted, will become a powerful tool when making decisions on the future of Brize Norton... written by the local community, the people who know and love the area, rather than the Local Planning Authority. Just imagine, as a community, having more control on the future housing plans, road and transport schemes, green spaces (for example), in such a way that it enhances the quality of life for all residents and at the same time maintains the distinctive character of our village.

PLEASE COMPLETE THE SURVEY AND RETURN THE FORMS USING THE FREEPOST ENVELOPE

WHY A SURVEY?

In very simple terms, a neighbourhood plan is:

- A document that sets out planning policies for the neighbourhood area – planning policies are used to decide whether to approve planning applications
- Written by the local community, the people who know and love the area, rather than the Local Planning Authority
- A powerful tool to ensure the community gets the right types of development, in the right place.

Local people can create a plan that allows them to develop planning policies that reflect the priorities of their area and have real legal weight. The community then decides at a referendum vote whether the local authority should bring the plan into force.

A neighbourhood plan is an important document with real legal force, therefore there are certain formal procedures that it must go through.

IS THIS SURVEY A VITAL PART OF MAKING A NEIGHBOURHOOD PLAN (NP)?

YES. The Steering Group will use the survey information to enable them to develop policies for the Plan **so your feedback is very important.** We need every household to take part so we can understand what the whole village wants.

HOW DOES IT WORK?

We are asking for one response from each household.

We are also keen to hear from any young people (aged between 7 and 17) who live in the village and there is a separate on-line survey for each of them to let us know their views.

It can be accessed at

<https://www.surveymonkey.co.uk/r/YoungpeopleofBrizeNorton>

If you do not want to answer a question in the survey, please go to the next one.

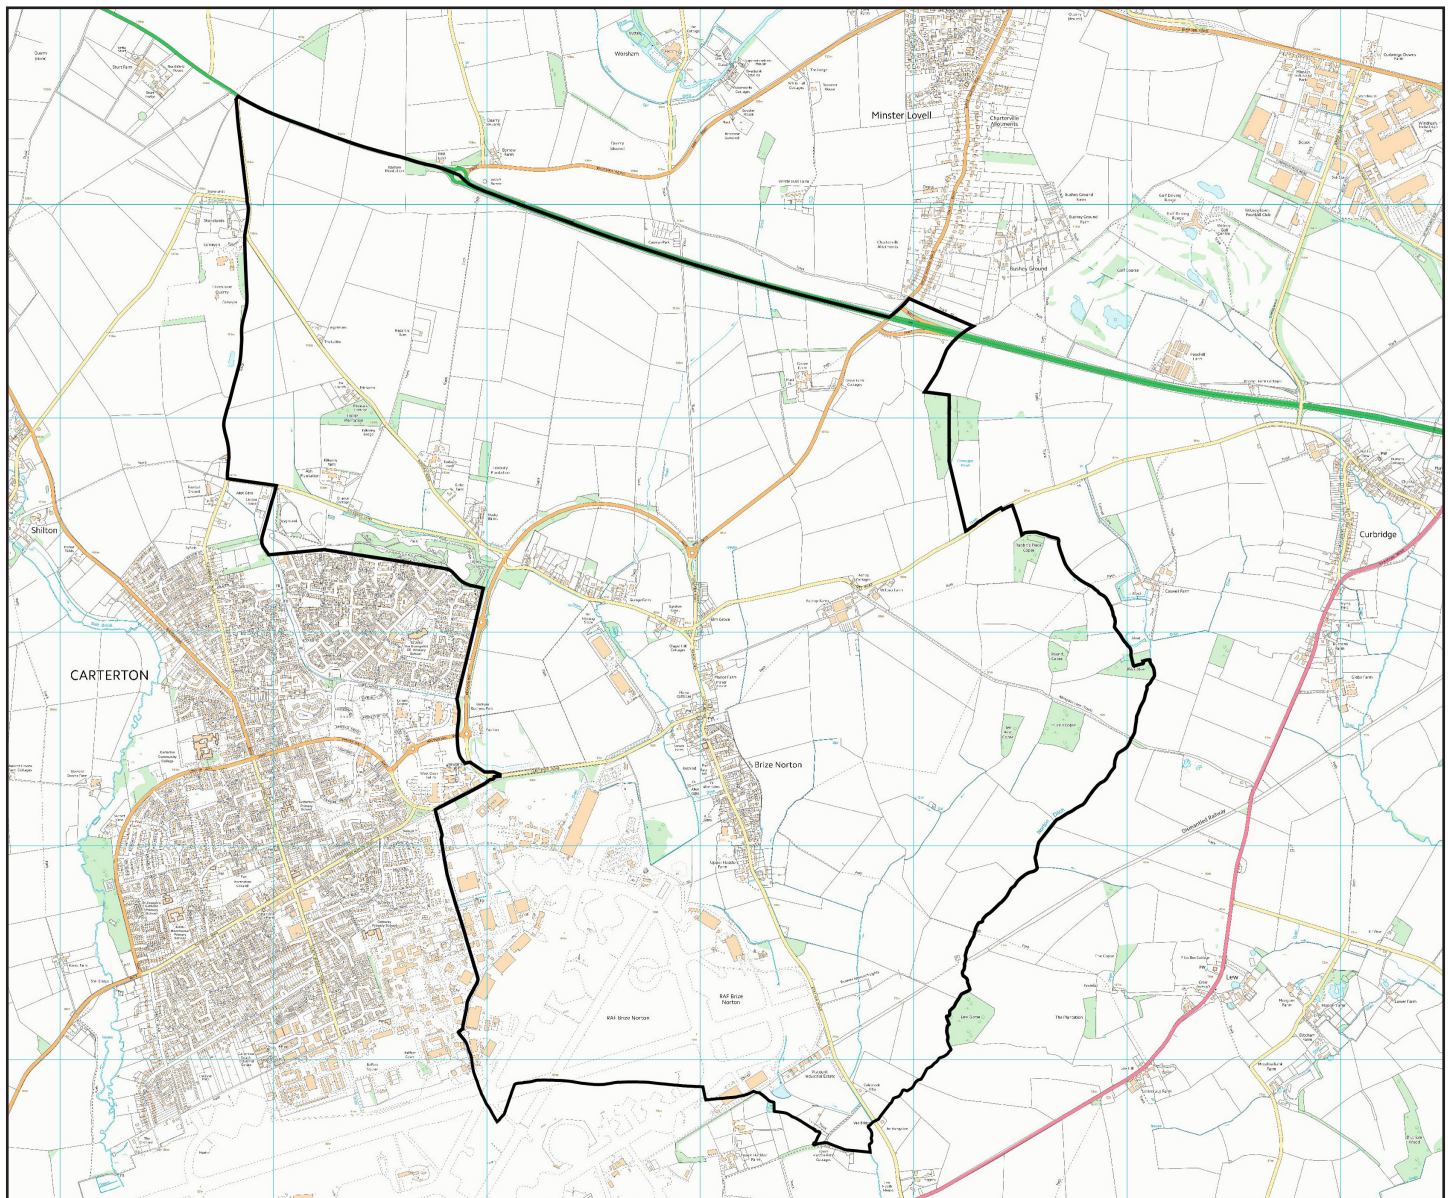

YOUR feedback is very important so please add your comments and ideas - there is additional space on the back page.

CONFIDENTIALITY

- Your response to this survey is totally confidential
- The form does not contain any information that identifies you personally
- There is no way of linking it to your specific address

The draft West Oxfordshire Local Plan has identified an area in Brize Norton between Monahan Way to the west, the RAF Medical Tactical Wing to the east, Carterton Road to the south and Burford Road to the north for the following development: -

The proposal includes 700 new homes, a 60 bed extra-care home, hotel, public house, convenience store, primary school and 1.5 hectares of employment land. This scheme has received outline planning permission

(This is a permission for building on land which sets out general but not yet detailed guidelines)

There have also been discussions regarding an 'Emergency services base' being sited within this development (Ambulance/Fire & Rescue/Police).

(There are other speculative developments which have been proposed in Brize Norton and these can be found on West Oxfordshire District Council web site - <http://www.westoxon.gov.uk/residents/planning-building/>)

Should you have answered 'none or no opinion' to the above, we would still value your views on the following questions in this section

2) What type of housing do you think Brize Norton needs?

Explanation of terms

Low cost homes are primarily for 'first time buyers' to allow them to get onto the housing ladder.

General Market are homes that are being purchased and sold between buyers and sellers either directly by owners or indirectly through a broker.

Affordable homes do not mean low cost market housing. Affordable housing is intended as social rented, affordable rented or shared ownership housing most often provided by a Housing Association.

Supported housing is housing where services are provided for frail or vulnerable people who might otherwise be unable to remain in the community.

Please rate importance where 1 = very important consideration to 5 = not an important consideration.

PART 7 - EMPLOYMENT LAND

This section is about investigating the potential for new employment land in Brize Norton.

Explanation of Terms

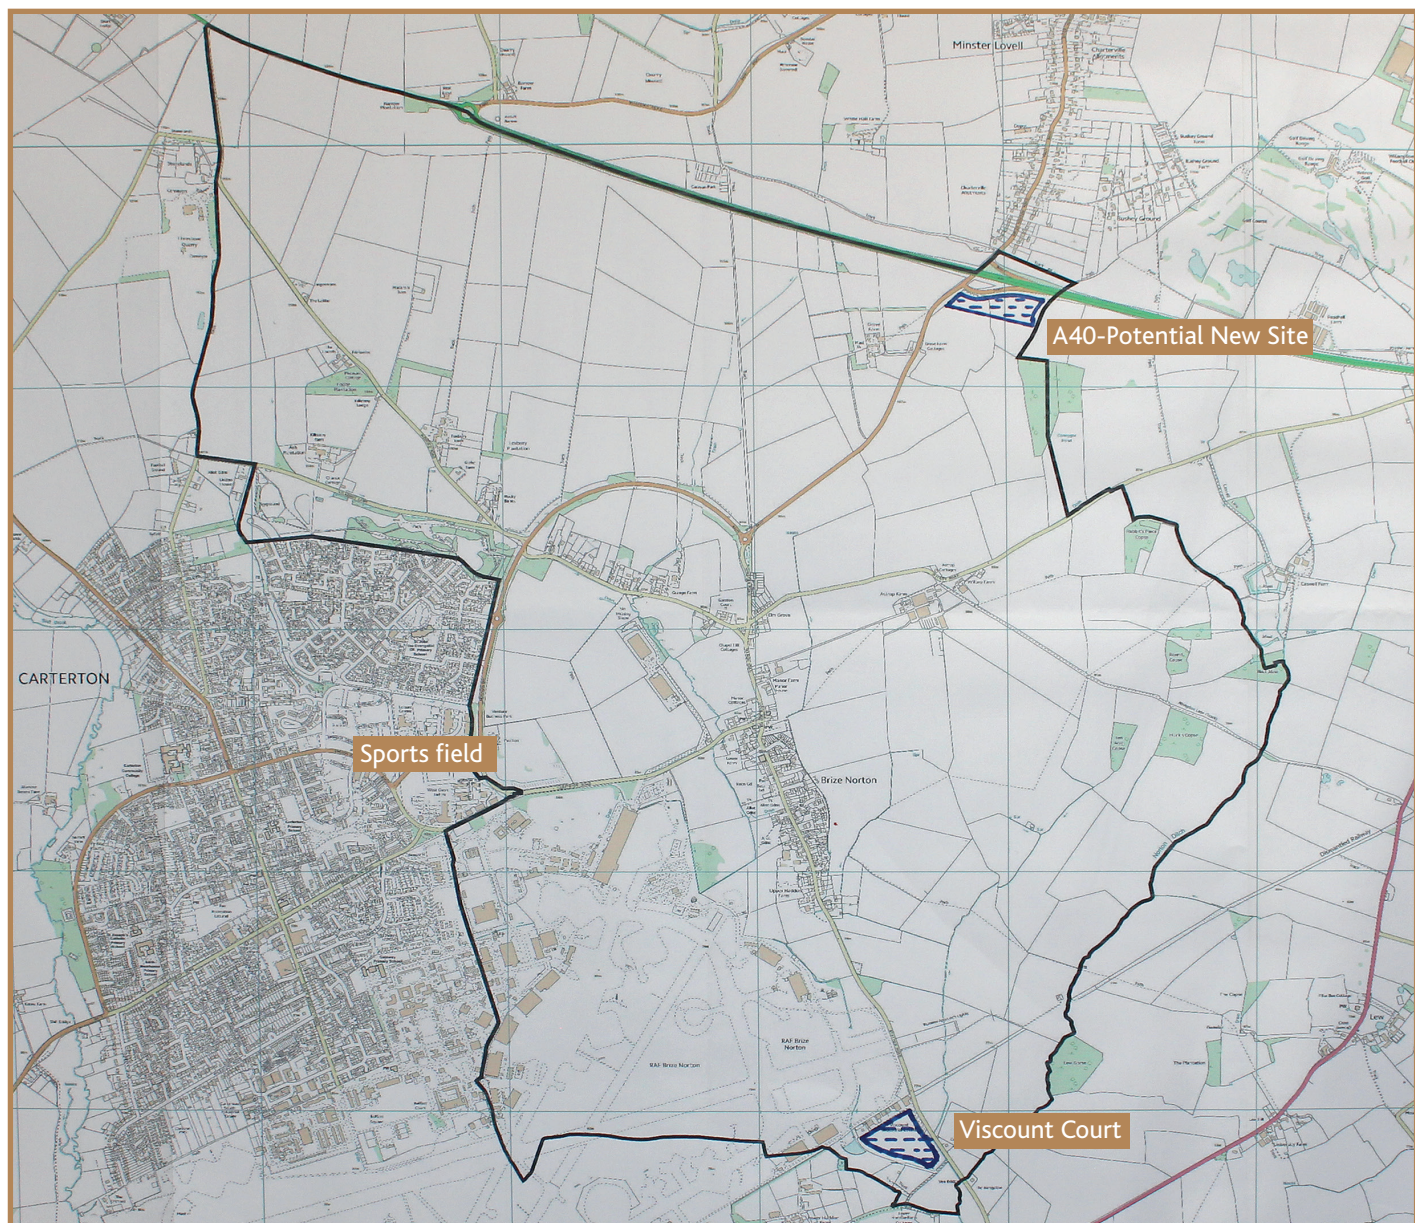

There are three main types of land usage for employment.

- B1 – Offices, Research & Development, Industrial which can take place within a residential area without damaging the 'amenity of that area'
- B2 – General industrial use. For the use of carrying out an industrial process
- B8 – Properties used for storage or as a distribution centre

As part of the new 700 home development, the developers have allocated 1.5ha for B1, B2 and B8 usage. WODC have stated that they are considering removing the sports pavilion and associated sports fields on the corner of Carterton Road and Monahan Way and replacing it with 4ha of employment land subject to finding an alternative site for the sports activities. However, Brize Norton Parish Council has identified two potential sites to alleviate the need to do this as follows:

- a) Expand Viscount Court (this location was not identified in the draft Local Plan)
- b) A new site south of the A40 and east of the B4477.

These sites would be suitable for B1, B2 and B8 use.
